## FOR NEW CLIENTS

### What to expect – The consultation process:

#### 1. Build your insurance package

Choose the insurance products that fit your needs.

#### 2. Apply online

Complete your application in just a few minutes.

#### 3. Receive your confirmation

You'll receive your policy documents and confirmation by email.

### Digital When You Want. Personal When You Need.

We believe that the best customer experience combines digital convenience with personal expertise. That's why you can apply for most insurance products online in just a few minutes.

For more complex products, such as Private Health Insurance or Disability and Life Insurance, we recommend a personal online consultation before you apply. This helps ensure you choose the right cover from the start and avoid costly mistakes later on.

### Why work with us?

- ✓ Digital and personal guidance worldwide
- ✓ Independent advice
- ✓ Wide market access (+100 insurers)
- ✓ Specialized on Expats in Germany

We are an independent insurance broker. Unlike an insurance company, we are not tied to a single provider and can compare multiple insurers on your behalf.

Our remuneration is paid by the insurance company after a successful policy placement, so there is no additional cost to you.
